

POLICY 2.20 VOLUNTEERS

The Board of Education appreciates and encourages the support offered to district schools through volunteers who provide time, expertise, and energy in supporting students. The active involvement of volunteers contributes to the overall development of students and promotes a sense of school community.

While encouraging opportunities to volunteer, the Board has an obligation to provide a school environment which is safe, secure and promotes equity and respect for all persons. The Superintendent will establish sufficient administrative procedures to provide guidance as to the engagement and deployment of volunteers.

The use of a volunteer will not result in the displacement of an employee.

In all cases, volunteers are expected to conduct themselves professionally and adhere to the code of conduct outlined below.
